Masterclass Diploma

Become part of a cohort of creative peers undertaking a professional development journey led by world-class producers that expands and deepens your practice over several 3-5 day learning experiences

Aimed at project / organisation leaders seeking to improve process and workflow, and mid-career producers seeking a step-change in their careers

From €2750 per person

Short Courses

Our short courses take place over 3 to 5 days giving participants the opportunity to develop their practice with the support of our training team and peers.

Training equips participants to develop their vision, their creative thinking and networks alongside getting hands on experience with practical planning tools.

From €550 per person

Intensive Courses

Delivered in a half-day or single day our intensive courses are designed for people and organisations wanting to quickly up-skill in new tools and best-practice.

With options of online or face to face learning these programmes are designed with flexibility, for bitesize learning or as a taster for our longer courses.

From €200 per person
